# **JETSKI<sup>®</sup>** **RAGE!**

## **Adrenaline Junkies Unite!**

Saddle up your Jet Ski, grab your depth charges, and dive full-throttle into the ultimate racing/combat simulation. **Jet Ski Rage!** drops you into a turbulent, fully rendered 3D

ocean where a heinous band of hydro-ragers are waiting to bury you in a watery grave. All you have to do is cross the finish line first using whatever means possible. Bend the needle at 125 mph and collect points—and powerful weaponry—while battling past heavily armed competitors, jumping shark pits and rings o' fire, and "dodging" stray windsurfers (a.k.a. speed bumps). You can even raise the stakes and compete with your "friends" over a local area network or the Internet.

Call or contact us on-line for pricing and availability info.

**Available soon on CD ROM for the Macintosh, IBM Compatibles, and Sega 32X.**

## **The Flight-Sim With A Funny Bone!**

**Just Like The Movie, Only  
Totally Different!**

Grab your keyboard and strap yourself in for a gut-busting, gravity defying good time in the first comedic flight-sim available on PC CD-ROM. Based on the hilarious flick of the same name, **Hot Shots!** launches you into some very unique, hyper-sarcastic scenarios. In the white-knuckled "Between Iraq and a Hard Place," it's your job to uphold democracy—without laughing yourself into the side of a nuclear arms plant. But that's all we can tell you for now. Any more and we'd have to kill you (or at least give you a vicious purple nurple).

Call or contact us on-line for pricing and availability info.
